50's RETRO STYLE

MADE IN ITALY

For 70 years Smeg, based in Guastalla in the Emilia Romagna region of Italy, has been interpreting the demands of contemporary living to create domestic appliances which go beyond simple kitchen tools to become true furnishings and accessories, undisputed expressions of the best Italian design.

Thanks to an extreme focus on quality, functionality, aesthetics and ergonomics, Smeg has become synonymous with Italian style and quality, exporting Italian creativity, passion and design all around the world with pride.

50's STYLE AESTHETIC

Smeg's 50's Retro Style line is a combination of technology and aesthetics, functionality and style, which evokes the unmistakable shapes and atmospheres of the 50's stylology. Bright colours, rounded lines and retro styling are reinterpreted with a modern view to create products which become the stars of the kitchen.

ICONIC DETAILS

Rounded curves and chrome-plated details perfectly co-ordinate the interior and outer door of the refrigerator.

A NEW SOUL

The range of refrigerators which have become a creative cult style icon is refreshed with interiors boasting innovative technological features and unmistakably refined details.

ELEGANT CHROME-PLATED TRIM

The profiles of the glass shelves and balconies feature shiny chrome-plated trim which draws on retro design.

MULTIFLOW COOLING SYSTEM

The new cooling system distributes cold air in a uniform manner throughout the refrigerator, ensuring food is correctly preserved.

VENTILATION SYSTEM

The air is constantly and homogeneously diffused in order to attain the ideal moisture level for food preservation.

LED LIGHTS

The interior is lit by a LED strip which runs along the refrigerator walls.

ELECTRONIC TEMPERATURE CONTROL

The side thermostat offers electronic, and where required, manual temperature regulation, for personalized setting.

LIFE PLUS DRAWER

Special zone with a temperature range of $-2 - +3^{\circ}\text{C}$, ideal for keeping more perishable foods such as meat and fish.

FRUIT AND VEGETABLES DRAWER

It features a perforated panel which can be adjusted to customise the compartment's level of ventilation and humidity.
